

Test 50: Comprehensive Bibliography

A realistic bibliography combining many entry types, styles, and edge cases that might appear in an actual student submission.

Literaturverzeichnis

[Ar21] Arnold, Tom: Deep Learning Frameworks. Oxford University Press, 2021.

[Be19] Bell, Sarah; Chen, Wei: Distributed Computing.

In: IEEE Transactions on Computing, Vol. 28, No. 5, 2019; S. 445--460.
